PARALYMPIC COMPETITION FORMAT

The cycling road competition at the Paris 2024 Paralympic Games will have three medal events: road race, time trial and team relay. The road events are categorised into four different divisions: H1-5, C1-5, B and T1-2, depending on the type and degree of the athletes' impairments.

The H division is for athletes with amputated or paralysed lower limbs or motor function impairments. H division athletes generally use one of two types of three-wheeled hand cycles: either a recumbent position (H1-H4) or a kneeling position (H5). Riders with impairment in the trunk, such as paralysis, compete in the T1 and T2 sport classes using tricycles. Similar to track events, the C division uses two-wheeled bikes while the B division is for visually impaired athletes who ride on the back of tandem cycles.

Events

Road race

The 14 road races will be conducted as mass-start events on a looped course with the number of laps determined by the final race distance of the respective sport class or combined sport classes. The first rider crossing the finish line at the end of the total distance is the winner.

Time trial

The 19 time-trial events involve individuals starting alone at 60-second intervals. The event will be conducted on a looped course with the number of laps determined by the final race distance of the respective sport class. The rider with the fastest time (or fastest factored time) after all riders have competed is the winner.

Team relay

The team relay event will be conducted as a mass-start event on a looped course. Each mixed team from sport classes H1-5 will comprise three riders, who will take turns to complete a team total of nine laps (three laps each). Only one rider per team is permitted on the course at any given time. The first riders for each team will start together, as in a regular road race.

Each rider of a team will complete one lap of the course then hand over to the next person in their team. The riders will compete their second and third laps in the same order as the first lap. There is no baton or physical contact required in the change-over zone: once a rider crosses the line his/her teammate can start his/her lap.

When a rider from a team is lapped by the leader of the race, the team will be pulled out of the race and their result will be displayed as "lapped" (LAP).

Competition rules

The para-cycling road competition will be held in accordance with the editions of the following documents in force at the time of the Games:

- The UCI Regulations (available at www.uci.org/inside-uci/constitutions-regulations/regulations)
- The IPC Handbook (available at www.paralympic.org/the-ipc/handbook)

The UCI, working with Paris 2024 competition management, will be responsible for the technical control and direction of the cycling road competition at the Paris 2024 Paralympic Games.

CHANGES SINCE THE TOKYO 2020 PARALYMPIC GAMES

None.

DIFFERENCES FROM THE OLYMPIC GAMES

- At the Paralympic Games, more than one event can be on the course at any one time (for road race and time trial) where subsequent events start at a fixed time after the previous event.
- There is no team relay event at the Olympic Games.
- In races that have multiple eligibility classes, a rider's time is multiplied by a factor according to their impairment to determine the "factored time" and the winner.
