## Contrôles antidopage

- Les contrôles antidopage (si applicable) seront effectués selon le Règlement Antidopage de l'UCI 2022 et les procédures et instructions de l'International Testing Agency (ITA).
- Les coureurs sélectionnés pour un contrôle seront avisés par une escorte (chaperon); les coureurs ainsi sélectionnés doivent demeurer constamment en contact visuel avec l'escorte du moment de leur notification jusqu'à la fin de la procédure de prélèvement d'échantillon. Le personnel d'encadrement du coureur ne doit pas empêcher l'escorte d'observer le coureur de manière ininterrompue. Si la remise du Prix a lieu immédiatement après la manifestation, le coureur ayant besoin d'aller à la cérémonie de remise sera escorté d'abord à la zone de remise des prix, puis à la conférence de presse et enfin au poste de contrôle du dopage.
- La notification par le chaperon ne se fera qu'oralement. Ne pas signer le formulaire de notification lors de la notification orale n'excuse pas le coureur de ne pas se présenter au poste de contrôle du dopage. La notification écrite sera finalisée avec l'agent de contrôle du dopage au poste.
- Chaque coureur notifié de sa sélection pour un contrôle, doit se présenter immédiatement au local antidopage après avoir fini sa course, sauf si des raisons occasionnent le retard comme la participation à la cérémonie de remise des médailles, remplir ses obligations médiatiques ou l'administration d'un traitement médical nécessaire (liste non-exhaustive).
- Les coureurs doivent se présenter avec leur licence ; mais si celle-ci ne comporte pas de photographie, une autre pièce d'identité avec photo devra être présentée.
- Afin de limiter le nombre de personne au poste de contrôle du dopage, il est recommandé que le coureur se présente seul mais au maximum il ne pourra être accompagné par une seule personne de son choix.
- Les coureurs doivent porter un masque pour venir au poste de contrôle du dopage et se désinfecter les mains quand ils y entrent.
- Tout changement de localisation des coureurs (adresse de l'hôtel, numéro de téléphone) doit être communiqué sans délai à l'UCI.

## Antidoping controls

- Doping Controls (if any) will be conducted under the 2022 Anti-Doping Rules of the UCI and the International Testing Agency (ITA) procedures and instructions.
- The riders selected for the controls will be notified by a chaperone; the notified rider shall remain within sight of the chaperone at all times from the moment of in-person notification until the completion of the sample collection procedure. Team officials should not prevent the chaperone to continuously observe the rider. If the award ceremony takes place immediately after the event, a rider needing to go to the award ceremony will be escorted first to the award ceremony area, then to the press conference and finally to the Doping Control Station (DCS).
- Notification by the chaperone will only be made orally. Not signing the notification form upon the oral notification does not excuse the Rider from not attending the DCS. The written notification will be finalized with the Doping Control Officer at the DCS.
- Each rider notified of his selection for testing must report immediately to the doping control station after finishing the race, save for justified reasons that could cause a delay such as participation in a medal ceremony, fulfilments of media commitment or receiving necessary medical treatment (non exhaustive list).
- Riders must report to the DCS with their current license; but if it has no photograph, another I.D. with a photo must be presented.
- In order to limit the number of persons at the DCS, it is recommended that the Rider presents him or herself alone, but at most he may be accompanied by only one person of his choice.
- Riders must wear a mask to come to the DCS and disinfect their hands when entering.
- Any changes related to the localization of the riders participating in the race (hotel name, address and phone numbers) must be communicated to the UCI as soon as possible.
